BENCHMARKING FOR EXCELLENCE

DEVELOPING WORLD-CLASS ORGANISATIONAL LEARNING THROUGH EFFECTIVE BENCHMARKING

"A global survey on Business Improvement & Benchmarking by the Global Benchmarking Network, revealed that Informal Benchmarking was one of the most popular quality techniques used by 68% of organizations. Best Practice Benchmarking, used by 39%, delivered the most benefit with projects achieving returns of over S\$250,000."

Given today's environment, there's simply less margin for error. Questions proliferate from organisations:

- **Why do we still get many customer complaints?**
- **How do we deliver better service without vastly increasing operational cost?**
- **How do we further improve product or service quality?**
- **How do we retain talent?**
- **How do we build a corporate learning culture?**

Benchmarking focuses on how to improve any given business process by exploiting "best practices" rather than merely measuring the best performance. Reflected in Business Excellence award criteria more extensively than any other management concept, benchmarking promotes the emergence and evolution of a "learning culture" throughout the organisation, and as such provides the key to continuous improvement and competitiveness over the long term.

Platform Facilitator:

Dr. Robin Mann

Founder & Head, Centre for Organisational Excellence Research, Massey University
Chairman, Global Benchmarking Network

COER's proprietary TRADE benchmarking methodology was developed by Dr. Mann. In Singapore, since 2007, it has been approved by the Civil Service College for use in the public sector. Globally, 1,000's of people from the public and private sector have now been trained in TRADE.

The two-day intensive platform is for **individuals or teams that want to accelerate their benchmarking learning and kick-start projects that will deliver innovative solutions and best practices.** This platform is also the only route to certification in benchmarking and training by Dr. Mann - to provide assurance that your benchmarking projects are being conducted in a professional and effective manner.

Successful participants will be awarded the TRADE Benchmarking Trained Certificate (Bronze) by COER upon completion of the program which leads ultimately to the Trade Benchmarking Mastery Certificate (Gold).

PROFILE OF PLATFORM FACILITATOR

Dr Robin Mann is:

- Founder and Head of the Centre for Organisational Excellence Research, www.coer.org.nz, Massey University. This is a Centre that undertakes doctorate level research into business excellence and benchmarking.
- CEO of COER Limited. COER Limited provides consultancy and training services in business excellence and benchmarking.
- Founder of BPIR.com Limited. The www.bpir.com is a leading internet resource for sharing benchmarks and best practices. All Singapore Quality Class organisations have free access to the BPIR courtesy of SPRING Singapore.
- Chairman of the Global Benchmarking Network, www.globalbenchmarking.org. The GBN promotes and supports benchmarking in over 25 countries.

Dr. Mann is the founder of the TRADE Best Practice Benchmarking methodology which was initially tested and endorsed by Singapore's Civil Service College in 2007. 1,000's of people have now been trained in the methodology. He has extensive benchmarking experience including leading the UK Food and Drink's Industry Benchmarking Club, New Zealand Benchmarking Club, and organising the International Best Practice Competition.

In addition, Dr. Mann has helped over 300 organisations undertake self-assessments using a variety of business excellence self-assessment tools. He is a trained assessor of both the EFQM Excellence Model and the Baldrige Criteria. In 2011 he completed a major study on business

excellence in India, Japan, Singapore, Taiwan and Thailand for the Asian Productivity Organisation. He has written over 35 refereed journal papers, 6 short books and is a sought after keynote speaker. He obtained his PhD in Total Quality Management at Liverpool University in 1992. He was awarded the Harrington/Ishikawa Medal in 2011 for contributions to the advancement of quality in the Asia Pacific region.

PROFILE OF MGDELXIS GROUP

MgDelxis is one of Southeast Asia's leading boutique providers of executive learning, human capital development and speciality event management.

Since 2004, MgDelxis has researched and delivered well-received regional Specialist-to-Organisational (S2O) platforms that enabled leading practitioners in their Specialised fields to communicate their expert opinions and share exclusive intellectual property at both strategic and tactical level with business and organisational executives.

These extensively researched platforms and relevancy of knowledge capital shared are key factors why President Directors, Vice Presidents (Senior, Executive & Assistant), Managing Directors, General Managers, Directors, Senior Managers, Division/Department Heads and Government officials from the Anti Corruption Agency (Malaysia & Brunei), Brunei Shell Petroleum, Bank Indonesia, Krung Thai Bank, Siemens Pte Ltd, Singapore Mass Rapid Transport (SMRT) amongst many others, choose to participate in our platforms.

Past platforms organised include “Optimising Human Capital”, “Corporate Fraud Risk Management”, “HR Business Continuity Management”, “Digital Forensic Investigation”, “Liquidity Risk” and “Benchmarking for Excellence”.

Small Class Size

Our commitment to small class size means that each platform is limited to 20 places only. This is to allow maximum interaction between facilitator and delegates as well as among delegates. Therefore, we strongly urge you to register today to secure your place for the platform.

In-House Training

In-house training on TRADE can be organised for organisations which are ready to launch a number of benchmarking projects. Kindly contact MgDelxis for further information.
